

FIRE RESISTANT
Up to 4 hour fire rating

PEST & DECAY PROOF
Inorganic cementitious material
impervious to rot, termites,
insects, and other pests
Resistant to mold growth

ADAPTABLE TO CLIMATE
Integral active & passive thermal
systems tuned to local climate
Supports multiple exterior finishes

QuicBloc

INTELLIGENT BUILDING SYSTEMS

**Patented, Lightweight, Lego-like
Building Block System**

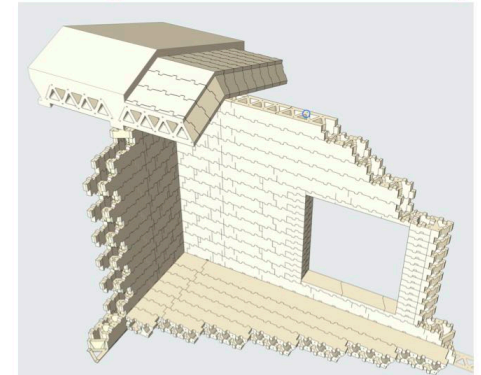

- Cost competitive for short term and life cycle
- Fast and easy to build with minimal expertise
- Pre-engineered, modular, self-aligning & interlocking
- Integrated structural, mechanical, plumbing & electrical
- Energy efficient, no waste and low embedded CO2
- Durable & capable of withstanding natural disasters

STORM RESISTANT
Pre-engineered for high winds

EARTH QUAKE RESISTANT
Pre-engineered for seismic safety

FLOORS, WALLS, ROOFS
Complete set of QuicBlocs
numbered & palletized for fast,
error-free construction
